

LIMITED WARRANTY

SURESEAL™ INSULATING GLASS

We warrant to the original Buyer only, that our Virginia Glass Products Corp. (VGP) insulating glass units (Units) will not, for a period of ten (10) years from the date of manufacture, develop material obstruction to vision due to defects in materials and workmanship which results in film formation or dust collection on the interior glass surfaces caused exclusively from failure of the factory edge. Warranties for individual glass lites comprising the Unit, including, but not limited to, laminated glass, spandrel glass, pyrolytic, or vacuum deposition glass products are limited to the original manufacturers' warranty, if less than ten (10) years. The replacement Unit for any Unit replaced under this limited warranty will be covered by the same limited warranty, but only for the balance of the original warranty period. No warranty is made regarding the retention of gasses that are introduced into the airspace at the time of manufacture.

This warranty shall be void under, and/or not apply to any of the following circumstances: (A) glass breakage; (B) seal failure caused by cracked, chipped, or broken glass, or other damage to the Unit; (C) Units which fail due to non-compliance with, or are not handled, used, maintained, or glazed, in compliance with VGP recommendations or current industry glazing standards including the Insulating Glass Manufacturers Alliance (IGMA) latest guidelines for glazing sealed insulating glass Units, or the Glass Association of North America (GANA) Glazing Manual; (D) the Unit is not continuously and adequately mechanically supported on all sides; (E) the Unit is not fully glazed around the perimeter using appropriate glazing materials that are compatible with the edge seal construction; (F) the glazing cavity is not effectively weeped or drained to prevent moisture accumulation in the glazing channel, or around the perimeter of the insulating glass Unit; (G) the Unit has been abused or not stored or installed in a workmanlike manner; (H) Units used on any wall sloped more than 15 degrees off vertical or considered skylights; (I) Units shipped outside the continental limits of the United States; (J) Units used in ships, vehicles, or commercial refrigeration; (K) Units in excess of fifty (50) square feet; (L) Units installed in high vibration environments; (M) the Unit is installed in a high-moisture environment which includes, but not necessarily limited to, swimming pools, saunas, greenhouses, and areas having excessive humidity conditions; (N) Units that have been retrofitted with film adhered to any glass surface; (O) Units that have been modified or altered in any way, including, but not necessarily limited to the adherence or application of any non-approved material to any part of the Unit; (P) Units for which the original purchaser did not pay in full; (Q) replacement Units beyond the warranty period applicable to the original Units supplied to the customer.

Virginia Glass Products Corp.'s liability under this warranty shall be limited to replacement of the Unit F.O.B. the shipping point nearest the installation, or at our option to refund the purchase price, and we shall not be liable for costs of removal or installation of, or any other incidental, consequential or other damages in connection with, such Unit. WE MAKE NO WARRANTY OF MERCHANTABILITY, NO WARRANTY THAT OUR INSULATING GLASS UNITS ARE FIT FOR ANY PARTICULAR PURPOSE OR USE AND NO OTHER WARRANTY, EXPRESS OR IMPLIED.
